MORE PROTESTS IN THE VALLEY OF THE FALLEN

Oriol Carrillo & Marta Borda

PRESENTER: A group of falangists were protesting this afternoon in the valley of the fallen, because today it was announced the possibility of the return of Primo de Rivera. We transfer the connection to our reporter.

REPORTER: Yes [nom presentador], today a group of people with the falangism as ideology, were protesting to ensure that Primo de Rivera can come back to his last home for eternity. The president was interviewed yesterday and said that Jose Antonio is coming back to the Valley of The Fallen, even though this was highly discussed among the not falangists ones and yesterday it was causing a big controversy. We have here one of them who is also in favor of the return of the ex-Spanish dictator:

So tell us, where are we and why are you here?

Well here in Valley of the Fallen should be buried Francisco Franco, the former Spanish dictator and Jose Antonio, [almost starts crying] I'm falangist even though I'm Catalan, we have been promised that our leader will come back. Glory to Primo de Rivera, Glory to Spain!

The robbery occurred between 3:33 and 5:05 and there was an objective with it: the gold. The professional robbers, with the gold rush in their veins, have accessed the big safe vault and were taking all the gold out, while everyone was sleeping.

- Now we have here the useless guard who let the robbers in without notice:
- "I was completely on alert and some bastards knocked me out with a metal bar. I was left unconscious and inhabilitated. When I woke up I could just see the bank as usual but with a strange new smell: powder. Then I realized I had been tied up. When the police arrived I was released"

"TAPES" PRICE IS INFLATED

24th of June, 2023

Oriol Carrillo & Martí Farré

PRESENTER - Yesterday the tax agency (Hacienda) published a report about how the prices have increased in the last months. The long report analyzed the majority of the types and genres of products, but one of them worried the Spanish people: the "tapas". We got our reporter close to a nearby bar asking for tapas

REPORTER - Yes Manolo, especially notable in the pubs and bars around the country, the famous national food, "tapes", had the price increased by 55% in the last months. In fact the demand for this product is slowly going down as not everyone wants spend much amount of money, so this inflation is turning this traditional famous food into something more "exclusive"

[BAR JIN PENG BRAVES]

- Now we are with one of the best local pubs in Lleida, with one the owners which clearly noticed this inflation:
- This is becoming unbearable, we having problems to pay for the supply, and everyday it's harder to compensate as people are slowly stopping to pay for tapas. Some bars around have closed the bar, because of it. If this doesn't stop tapas will forever die...

PRESENTER - Thank you [name]. And now...

Hello Guys! And now, we’re going to look at the new style of outfit for this summer.

(Es veu tres nois/es amb una bossa de basura com un banyador)

We start with one of my favorite outfits. This recycled men swimsuit of Versace is one of the best I’ve ever seen in this season. It Sends a message to those people who don’t recycle and waste lots of plastics with their ordinary new swimsuits. It’s very cool. This swimsuit only costs 1000\$. I give it a 8’5/10

(Es veu una camiseta amb la bandera indepe)

(Li dona una arcada al presentador) This is the reason why there are wars in the world. A synonym of shit, vomit, shine. This is why there are so many crimes in Barcelona, because the good people don’t want to live with terrorists in our country. Is like wearing Bin Laden or Arlando Otegui in a shirt. I give it a -10000/0

(Es veu un vestit de dona fet amb la bandera de Espanya)

This is my favorite outfit without any doubt. This dress of Zara represents my whole life surrounding my body. It’s the perfect dress to wear when you go to see a bullfight, or when you go to the hippodrome. While your husband is spending the salary of a waiter in bets you can shine your Spanish pride. I obviously give a 100/10

Nil, Viki and Irina
DATE

BAQUEIRA- This week, a heavy squall has started in the mountains of Val d’Aran, specifically in Baqueira Beret, which has affected the compulsive skiers. They were affected because they were about to start a ski competition which cost a lot of money and effort.

The aim of this competition in Baqueira was to attract people from other countries at least for a week. All the hotels and sleeping facilities had increased the fee to pay, because of the tournament. As the athletes were bored because of not having anything to do, the snow which was falling from the sky started to be sniffed by them, using their loaded credit cards.

We have asked the opinion of a protagonist –**What do you think about this weekend?** “It was all amazing, we couldn’t ski but it didn’t matter. I actually saw Albert Rivera nearby, he was having fun too”.
